RICKEY BURNS, PMP

INTEGRATION & TECHNOLOGY LEADER

PEOPLE | SYSTEMS | PROCESSES | RESULTS

I help organizations integrate acquired businesses by aligning people, technology, and processes — turning separate organizations into a unified, high-performing team while keeping the business running.

FROM HANDS-ON EXECUTION TO ACCOUNTABLE LEADERSHIP

I've worked every level of the integration process, which gives me a practical, real-world understanding of what it takes to deliver successful integrations.

1. **FIELD INTEGRATION**
   On-site agency onboarding, technology deployment, and working directly with employees.
2. **SYSTEMS ENGINEERING**
   Infrastructure, applications, databases, and acquired-agency technology environments.
3. **APPLICATION & DATA MIGRATION PM**
   Applied Epic, data conversions, cutovers, stakeholders, and business continuity.
4. **ACCOUNTABLE INTEGRATION LEADER**
   Leading project managers, engineers, and cross-functional teams responsible for delivery.

INTEGRATION PROCESS IMPROVEMENT

I streamlined our integration playbook from a 6-month process to 3 months — a **50%** reduction in the planned integration cycle.

Original Playbook — **6 Months**

Streamlined Process — **3 Months**

Same focus. Less time. Faster value.

REAL-WORLD INTEGRATION EXAMPLES

A mix of size, complexity, and geographic scope — all delivered while keeping the business running.

6-SITE INTEGRATION (Largest)

- Most complex integration to date
- 6 locations integrated
- Significant coordination across teams, systems, and stakeholders
- Completed all committed milestones

5-SITE INTEGRATION (50 Employees)

- 5 locations integrated
- 50 employees transitioned
- Full technology, data, and user integration
- Business continuity maintained throughout
- Completed all committed milestones

3-SITE NYC INTEGRATION ($20M Annual Revenue)

- 3 locations across New York City
- $20 million in annual revenue
- High-visibility, complex integration
- Coordinated technology, data, and teams across multiple sites
- Completed all committed milestones

KEY VALUE I BRING

- **People First** — Keep teams informed, prepared, and productive.
- **Systems Integration** — Unify technology, data, and processes with minimal disruption.
- **Process Improvement** — Build practical, executable playbooks that reduce time and complexity.
- **Accountable Delivery** — Consistent results with a 100% milestone completion track record.
- **Business Continuity** — Keep the business running while driving long-term value.

EXPERIENCE THAT TURNS ACQUISITIONS INTO OPPORTUNITY.

INTEGRATE PEOPLE. ALIGN SYSTEMS. ENABLE SUCCESS.
